

STATEMENT OF CLAIM

The stalking and harassment against me by the Church of Jesus Christ and Latter Day Saints began in 2010. The reason per the stalkers was that Leonard M. Anderson believed I convinced his son Leonard Kent Anderson to take a job at a Food Processing Plant in Idaho Falls, Idaho instead of at Puget Sound Naval Shipyard. This by the way is not true. In May of 2010 two of the stalkers and harassers were arrested due to the actions of Officer Danny Benavente of the Auburn Police Department. The stalking and harassment stopped for about a year then began again. In Nov 2011 two of the stalkers were again arrested. Again the stalking and harassment stopped for a year. The stalking and harassment began again. Since Leonard M. Anderson's belief had resulted in the stalking and harassment against my family and myself, I contacted the FBI. The FBI recommended that I contact NCIS. Note: Leonard M. Anderson's erroneous belief coupled with the stalking and harassment against my family and myself made me realize other incidents in the Shipyard that could explain what was happening to me. I submitted W840-1706 to NCIS in Jun 2013. W840-1706 was forwarded to the PSNS IG for appropriate action. The stalking and harassment accelerated because of W840-1706 so I filed a DOD IG CID Whistleblower Reprisal Complaint No. 20131125-014417. Also in 2016 I filed two AHPO per the advice of NCIS Special Agent Supervisor Scott Vouboski. The first against Brian Aitchison was given temporary approval but never served to his current residence since he was residing with Officer James Hamil of the APD at the time. The second against Leonard M. Anderson was disapproved with extremely questionable rationale as the court audio recording will testify. During this period my family, my in laws and other relatives were stalked and harassed (See attached list). It cost me my marriage and left me homeless. From 2013 to the present the stalking and harassment has increased and accelerated until the last two years it has included contacting and harassing former co-workers (See attached list), High School friends (See attached list), acquaintances/friends (See attached list) and almost everybody I come in contact with. Even though other people besides myself have filed Police Complaints and Pastor Cheryl Olson of the Crossway Church has met with the Chief of Police of the Auburn Police Department over the last year no action has been taken. Per Pastor Cheryl Olson the Auburn Police Department stated that they conducted an investigation and found nothing. This is a lie. No case file was opened. None of the witnesses were contacted and per the Auburn Police Department itself no case number was assigned to my complaints and therefore no investigation was conducted. After a meeting with Pastor Cheryl Olson of the Crossway Church and Pastor LaShund Lambert of the Resurrection Church (Chairman of the Police Advisory Committee) I decided to finally listen to Judge Charles Delaurenti II who said "perhaps a different type of lawsuit in a Federal Court would be more appropriate" and file a Civil Rights Lawsuit. I know that my life is in danger. I hope that the stalking and harassment can be stopped immediately.

A list of the stalkers and harassers are attached with a brief historical background.

The stalking and harassment above is in violation of 18USC241. Court Case Nepotism Favoring Mormonism (21603-9-III, Washington April 22, 2004) even though from a lower court is an example/precedent of the stalking and harassment delineated above. Also the conduct by the Auburn Police Department may constitute violation of 18USC242 and 42USC14141.

Total of 7 are Mormons including Leonard Anderson. There are other unidentified Mormons that were tasked to help harass and stalk me.

A review of the above individuals phone records will verify that they all know each other, have communicated with each other for years and that about half of them use their cell/land phones 24/7. Also the above individuals have told several people that they were paid \$35,000 in the form of a Cashier's Check to stalk and harass me. They were allegedly paid prior to the stalking and harassment. A review of their finances (deposits/purchases) from 1997 to 2010 should determine if this is true or not.

Recently over the last several years Rocky Kirwin has been saying that the stalking and harassment is because I turned them in for sexual trafficking and dealing drugs. This may be true to a certain degree. However Leonard Anderson must still be directing the stalking and harassment since it began in 2010 and is documented by a Court Case. Also the stalkers still communicate with Leonard Anderson VIA phone. NOTE: Until recently I thought that Leonard Anderson was against the stalking and harassment that he had initiated against me.
